Just FYI.....USCG involvement. Note that RICT call to be held at 1100 hours. I spoke with Mark Ferrell (spelling).....he lives about 3 miles from the spill. He'll hook up with Matlock.

Dennis –

As discussed, the Coast Guard called to offer assistance to EPA. I indicated that you were on route to incident and would contact them if we need their assistance.

Contact info: Duty Officer cell phone [Ex. 6 - Personal Privacy] (I spoke with Chris Moss)

Also, the Coast Guard is sending two people to the Freedom Industries facility to inquire about their operations to determine whether they should be considered a Coast Guard regulated facility.

At this time, they are not regulated by USCG.
